The economical choice for everyday prints

Gain efficiencies with this high-production material
HP Universal Blueback Paper, 3-in Core for HP PageWide Technology is designed to deliver professional quality, striking results optimized for high-production environments. The blue backing provides high opacity and reduces shine-through in overlaying applications.

Produce more, while keeping the environment in mind
Print with HP Universal Blueback Paper, 3-in Core for HP PageWide Technology and achieve breakthrough production speeds while meeting the environmental objectives of your company and clients with this recyclable and FSC®-certified[1] paper.

The economical choice for high-production needs
Optimize your high-production and everyday printing needs with this reliable, economical paper. Controlled interactions between HP PageWide XL pigment inks and the paper provide you with high-quality printing in a single pass with HP PageWide Technology.

Target customers	Applications	Benefits
Architects	Architecture (AEC) and engineering (MCAD)	High-production printing
Engineers	Geographic Information Systems (GIS)	Visibly enhanced print quality at production speed
Geographic Information Systems (GIS) professionals	Posters	High opacity, apply directly over previous prints
Graphic designers	Presentations	Recyclable through commonly available programs
Print service providers	POS and retail displays	FSC®-certified paper[1]
	Billboards	Cost-effective for everyday use
		Optimized for HP PageWide XL printers
