

HP Designjet Z6200 Photo Printer series

The fastest[1] heavy-duty photo printer.

Offer the shortest turnaround times[1] and significantly boost productivity.

- Turn around orders in record time with this the fastest printer in its class[1], and easily meet your client demands with print speeds up to 140 m²/hr (1500 feet²/hr).
- Print and handle high-quality photo images without losing time.
- Work more productively and comfortably with automated media loading and an ergonomic loading table.
- Maintain high productivity, respond quickly, and optimise your print quality with HP printing materials.

Provide top photo quality and maximise your offering.

- Differentiate, expand: with the new HP Vivid Photo Inks, your versatile offering includes top photo-quality and exceptionally fade-resistant[2] prints.
- Take on tough photo printing challenges with a wide colour gamut enabled by chromatic red ink and uniform gloss.
- Bring in new print jobs offering remarkable black-and-white image quality; create POP displays and impressive backlit signs.

Rely on HP technology, see precise colour accuracy.

- Get the right colours and start printing them accurately every time on different substrates, thanks to the embedded spectrophotometer and HP colour technology features that help you operate with ease.
- Reliable operation: the optional PostScript®/PDF upgrade kit ensures compatibility and greater control over the final print with HP Professional PANTONE Emulation.
- Safely replace your old equipment without compromises using printer emulation functionality.

ecohighlights

- Breakthrough colour consistency can help reduce unnecessary reprints.
- Free, convenient HP ink cartridge and printhead recycling[1].
- Range of recyclable HP media with a take-back programme[1] .

ENERGY STAR® Qualified

[1]Programme availability varies. Please check www.hp.com/recycle for details.

www.hp.com/ecosolutions

[1] Compared to large-format inkjet printers under €20.000 for graphic applications. Based on the fastest rated colour speeds as published by manufacturers as of January 2010. Test methods vary.

January 2010. 1est methods vary.

[2] Prints produced with HP Vivid Photo Inks on a range of HP media offer indoor, in-window display permanence over 1 year unlaminated; over 200 years away from direct sun. Display permanence rating for interior displays/away from direct sunlight by HP Image Permanence Lab, and by Wilhelm Imaging Research, Inc. on a range of HP media. Water resistance and interior in-window display ratings by HP Image Permanence Lab on a range of HP media. For details:
