

NINA CANVAS PLUS MATT AQ

3578, 345 g/m²

Universal, matt canvas for industrial printing of art and photos.

Nina Canvas Plus Matt AQ is a universal artistic, cotton / polyester blend canvas for waterbased inks. The matt finish hinders disrupting reflections and allows excellent colour reproduction. The printed material shows no white-scoring and is splashproof. The material was developed specifically with industrial printing of framed art and photo application in mind and can therefore be used in automated framing machines.

Advantages

- Brilliant colour reproduction
- Quick dry
- No white-scoring
- Splashproof

General tips

- The converting and storage should take place in a climate of 35 to 65% relative humidity at temperatures of between 10 and 30°C. Due to the natural components of the material it tends to curl when relative humidity is fairly high, which can cause print head damage. We recommend that the material is first removed from original packaging when printing commences!
- After the printing process put the media back in its original packaging.
- Cotton gloves are always recommended when handling Inkjet coated materials to avoid fingerprints.

Physical data

Name	Value	Norm
Weight [g/m ²]	345	ISO 536
Thickness (total) [µm]	475	ISO 534
Opacity [%]	97	ISO 2471
Whiteness, CIE D65/2°	88	ISO 11476
