

LISA CANVAS PLUS MATT AQ

3647, 390 g/m²

Natural, matt canvas with a pronounced structure for artistic and Fine Art application

Lisa Canvas Plus Matt AQ is a natural artistic canvas, made from 100% cotton for printing with waterbased inks. The 2:1 weave offers a pronounced structure, optimal when printing artistic reproductions and Fine Art prints. The matt coating hinders disruptive reflections and allows excellent colour reproduction. The printed material shows no white-scoring and splashproof.

Advantages

- Brilliant colour reproduction
- Quick dry
- No white-scoring
- Splashproof
- FSC® certified

General tips

The converting and storage should take place in a climate of 35 to 65% to relative humidity at temperatures of 10 to 30°C. Due to the natural components of the material it tends to curl when relative humidity is quite high, which can cause print head damages. We recommend that the material is first removed from original packaging when printing commences! Cotton gloves should always be worn when handling Inkjet coated materials to avoid fingerprints.
